**A 100% female team will gratuitously race for the benefit of DYADIS during the next Condroz rally on November 3rd & 4th.**

Created in 1994, DYADIS is a Belgian non-profit for assigning helps dogs for disable persons. The driver Elisabeth FAGNANT (23 years old, La Roche) and the second driver Donabienne SERVAIS (27 years old, from Lierneux) will take part at this rally under the colors of this useful non-profit that educate Labradors during 2 years before offering it to disable persons; these dogs are educated to supply to all the smalls difficult daily gesture.

Elisabeth FAGNANT and Dona SERVAIS's purpose is to have DYADIS better known through motorsport's channel. Competitive in a "hardly male" environment, they feel for this non-profit, actually similar to the integration difficulties they succeed in this basically "uneasy access" universe.

With the small CITROEN C2 from DC Sport, Babeth and Dona have as objective to reach Sundays evening's finish flag, with the purpose that everybody discover the non-profit DYADIS during the whole week end !

Used to take part to local rallies since 2 years, these 2 girls accept there a huge challenge by racing at the Condroz rally in Huy, Belgium, first time for this sympatic duo on a National championship event !

By supporting DYADIS, Elisabeth FAGNANT and Dona SERVAIS drop some sweet heart in their racing car's engine !

Follow this DYADIS team, begin of November, for the solidarity race !

Join the utility to the pleasure and passion, here's the essence of their motivation !
